

Grout Now

PRODUCT DATA SHEET

INSTANT CURING GROUT RELEASE

BENEFITS:

- Formulated to provide a temporary pre-grout coating
- Protects surfaces from mortar and grout stains
- Can be used on installation of epoxy, cement, pre-mix and urethane grouts
- Use interior and exterior installations
- Non-flammable
- Biodegradable

DESCRIPTION: VanHearron's Grout Now performs exactly as the name professes – Wipe it on. Wipe it off. Grout Now

ADVANTAGES: Grout Now is a temporary pre-grout coating that is effective in protecting most tile surfaces from grout and mortar stains.

LIMITATIONS: Grout Now is not recommended for natural stone applications as it may result in a "picture framing" affect. Prevent product from contacting surrounding surfaces such as carpet, glass, landscaping, metal, paint and wood. Do not allow build-up of Grout Now in grout joints.

USES: Grout Now is effective on most ceramic and porcelain tile surfaces.

COVERAGE: 500 – 1000 square feet per coat per gallon depending on surface porosity.

APPLICATION: **Read entire label before using. Use only as directed.** Apply Grout Now in a very thin layer using a sponge or paint pad, assuring a complete surface coating. Use care to prevent Grout Now from building up in grout joints. Once applied, wipe completely dry and install grout. Clean up grout per grout manufacturer's instructions.

COMPLIANCE AND HANDLING: Complies with all federal, state and local VOC regulatory requirements. Use and store between 40 F and 100 F (4 C and 38 C). Store in original container only and securely close after each use. Expected shelf-life is a minimum of 1 year.

WARNINGS: **Keep out of reach of children.** It is good practice to always wear protective clothing, gloves and eye protection when applying any type of sealer. **If product gets in eyes,** flush with water for at least 15 minutes. If irritation persists, seek medical attention. **If product gets on skin,** wash with soap and water. If irritation persists, seek medical attention. **If swallowed, do not induce vomiting.** Seek medical attention.

AVAILABILITY: Available in 1 gallon and 32 ounce bottles.

Physical state: Liquid
Appearance: White Emulsion
Color: White
Odor: Slight Alcohol
Odor threshold: No Information available
pH: 5.0 - 7.0
Specific Gravity: .994
Viscosity: No Information available
Melting point/freezing point: No Information available
Flash point: Above 200°F
Boiling point : ≥ 100 °C / 212 ° F (at 760 mm Hg)
Evaporation rate: No Information available
Flammability (solid, gas): No data available
Flammability Limits in Air
Upper flammability limit: No Information available
Lower flammability limit: No Information available
Vapor pressure: No Information available
Vapor density: No Information available
Water solubility: Dispersible
Partition coefficient: No Information available
Autoignition temperature: No Information available
Decomposition temperature: No Information available
Density Lbs/Gal: 8.29
VOC Content (%): 3.1

VanHearron's state-of-the-art protective treatments have developed a reputation among architects and design professionals as the premier solution for construction chemicals. VanHearron, Inc. is dedicated to solving the destructive influence water intrusion and other elements have on tile and natural stones.

Contact VanHearron, Inc.'s Technical Services for further information or application instructions. Technical service engineers and chemists are available to answer questions on product performance, application methods, and chemical composition.
