

Indigo Cling

Product Data Sheet

LOW EFFORT VERTICAL SURFACE CLEANER

BENEFITS:

- Deep cleaning with minimal effort, especially on vertical surfaces
- Excellent detergency and oil coupling
- Environmentally friendly, no CFCs
- Non-toxic, VOC compliant (> 75 g/l)
- Non-flammable – flash point > 200 F
- Low odor, non-hazardous, pH 10.6 and biodegradable

DESCRIPTION: Indigo Cling is a deep cleaning, low effort water solution of anionic oil splitting surfactant, designed to stick to vertical surfaces. Indigo Cling is a high performance detergent with a high dispersive capacity, excellent wetting, superior detergency and unique coupling characteristics.

USAGE: Indigo Cling is a very effective cleaner for grout, tile, natural and fabricated stone, and polished stone. Indigo Cling is also impressive in removing household stains, grime, food stains, greases, oils, and a wide variety of other organic compounds. Indigo Cling is safe on most surfaces, but always test in an inconspicuous area to determine suitability. May affect the soundness of some paints.

ADVANTAGES: Indigo Cling has the same ingredients as Mighty Indigo, but is designed to stick to vertical surfaces. It's an excellent remover of ground in dirt, soap scum, some minerals, and hard water deposits. In addition to natural and artificial stone, Indigo Cling can be used on metal and plastic surfaces.

APPLICATION: Remove as much stain buildup as possible. Apply sufficient material to thoroughly wet the surface. Allow to work on surface 5 – 15 minutes, depending on the severity of stain. If necessary, lightly scrub with a stiff brush. Rinse or wipe surface with clean cloth and warm water. Heavily soiled areas may require a second application.

WARNING: Protect from freezing. May affect soundness of some paints. Skin contact should be minimized by wearing gloves,

appropriate clothing, and eye protection. Protect all non-targeted adjacent surfaces, window glass, vehicles, aluminum, paint films and plant life. Remove overspray immediately with water. Use in a well-ventilated area.

AVAILABILITY: Indigo Cling is available in 22 oz. ready to use spray bottle.

Physical state : Liquid
Appearance: Clear
Color: Light Amber
Odor: Organic
Odor threshold : No Information available
pH: 10.0 - 11.0
Specific Gravity: 1.01
Viscosity: Water Thin
Melting point/freezing point: No Information available
Flash point Above 200°F
Boiling point: >= 100 °C / 212 ° F (at 760 mm Hg)
Evaporation rate: No Information available
Flammability (solid, gas): No data available
Flammability Limits in Air
Upper flammability limit: No Information available
Lower flammability limit: No Information available
Vapor pressure: No Information available
Vapor density: No Information available
Water solubility: Complete
Partition coefficient: No Information available
Autoignition temperature: No Information available
Decomposition temperature: No Information available
